See that the wet feet and exposure to draughts do not result in cold. It a cold is contracted check it at once before pneumonia is developed, for it is a well known fact that a protracted cough may suddenly developinte pneumonia, with a slight additional cold. Don't let the disease make any leadway. Fortily the system ingainst it by rich, intritions, liquid food. This can be accomplished in no other way so well as by the liberal use of Ozomilision, an osonized preparation of Cod Liver Oil with Gunacci, prepared by T. A. Siceum C. New York, and sold by all Druggists. Taken early, when the first symptoms of the cold appear, it cure it poonpily and prevents the development of pneumonia. It is a rich liquid food and it is a well known fact that shong food is the most formidable fee of speciment of pneumonia. It keeps the blood with nour sind and guts the tisques in such a condition that they throw off the cold and thus levist the disease.

a companion, always anduring privations, encountering obstacles, triumphing over difficulties, cheered by successes, is in Bangor for a short visit and will apeak of her work at the First Parish church Sunday afternoor. Miss Collins is well known to many in the city, and, as this will be the only time she can give, those who are not called in other directions will be glad to avail themselves of this opportunity. All are invited, especially the ladies by the Indian Association, who come from all the churches. When Miss Collins was last here many were disappointed that the contribution for which they had provided was not called for. There will be no such failure this time:
